

Welcome to Discovery Place Preschool At Christ United Methodist Church

The Discovery Place Preschool program is a ministry of Christ United Methodist Church. We teach and show God's love to children in ways a preschooler can understand. Our goal is to provide for each child's emotional, social, physical, cognitive and spiritual needs in a safe and loving Christian environment. Our program is a supportive ministry providing quality child care.

Curriculum

The curriculum is well planned and covers a variety of subjects and themes throughout the year. We offer a play based program, which means that we believe that children learn best through play and positive interactions with their teachers and peers. We believe that play is and should be the main method from which children learn new skills and that they benefit from learning about the world as authentically as possible. The children are exposed to age appropriate social skills, muscle development, environmental awareness, academic basics that correlate with their age, and some basic Christian foundations. Some of the daily/monthly activities the children engage in include the following: singing, playing, exercise, story-telling, manners, prayer time, chapel with Pastor Jean, art projects, language and literacy, motor skill practice, prayer time, sensory activities, social studies, science, math, and holiday celebrations. We also include daily active outdoor activities (weather-permitting), or indoor activities in the church gym. The teachers in each classroom send out lesson plans to share with the parents what their child will be learning in their classroom.

Parent-Teacher Communication

Parent teacher communication is very important to us. Teachers will send home a lesson plan on a weekly or monthly basis that will cover what the children will be learning in the classroom. Teachers will occasionally send out letters to the parent's regarding specific information about their class. Those will go home in the child's backpacks. If you would like more time to speak to the teacher about your child, a meeting can usually be arranged between the first and second teaching sessions. Please talk with your child's teacher to arrange this. The director will e-mail newsletters, important reminders and other information on a regular basis, so please make sure we always have your current e-mail address. We also have a parent communication easel near the clock-in computer, so be sure to check that for important information and reminders. We also use the app 'Remind' as a means of communication between the Preschool and parents.

Enrollment Policies

Discovery Place Preschool is for children eighteen-months-old to five-years-old. The program meets on Tuesday, Wednesday & Thursday of each week. You may sign your child up for one, two or three days per week depending on your needs and the availability of space in the class. We ask that you choose either a morning session (9am-12noon) or afternoon session (1pm-4pm). We strive to keep a small teacher/child ratio. When the class has reached the maximum limit, a waiting list will be formed. Our program is limited due to the number of teachers and amount of classroom space.

Immunization records must be submitted before the child can attend school, and then updated as soon as new vaccinations are administered.

The Discovery Place Preschool program will operate on a similar schedule as the local school districts. Sessions will not be scheduled during public school holidays. We also have some breaks throughout the school year. A list detailing Preschool breaks throughout the school

year will be posted on the Parent communication board in September so families can plan accordingly. An email and/or written calendar will go out detailing any additional Preschool closures throughout the school year.

Fees & Registration

At the time of new student registration there will be a one-time non-refundable fee of \$25 per child. New and continuing students will be required to pay a \$50 supply fee each school year. Tuition is based on the number of days per week your child is registered for:

TUITION FOR SEPTEMBER 2016-MAY 2017

3 Days Per Week	\$240/month
2 Days Per Week	\$160/month
1 Day Per Week	\$80/month

We encourage you to pay tuition online through the Church website www.christumcutah.net, or at the kiosk. The kiosk will be available by the clock-in computer the week before tuition is due, as well as a few days after tuition is due. Checks can be placed in a locked mailbox in the Little Lions Classroom. We also offer summer preschool. Summer preschool has a different fee and structure than the regular Preschool year.

Tuition is due on the 1st of the month. Please make sure you pay your tuition on time so that your child can continue to attend school. If tuition is not paid by the grace period of the 5th of each month, you will be assessed a \$20 late fee. If tuition is 1 month overdue, you may be at risk of losing your child's spot in our program. You can pay tuition online, by check or cash.

Please note: You are paying for your child's place in the class, not the actual days your child attends. This means that occasional sick or missed days will not be taken off of your tuition. If you leave the preschool in the middle of a month for a move out of town or to another school, you are responsible for the entire month's tuition.

Arrival & Departure

Preschool hours are 9:00 AM-12:00 PM for morning session and 1:00 PM-4:00 PM for afternoon session. **Please do not arrive before 9:00 AM or 1:00 PM for drop off**, as your child's teachers are preparing for the day. The dual schedule makes it critical that **parents arrive on time to pick up children**. There is a limited window of time between morning and afternoon session which teachers need to use to quickly turn around their classrooms for the next group of children. Please call the preschool if you will be more than 10 minutes late picking your child up. *If being late for pick up becomes a chronic problem, a late fee of \$5 per 15 minutes will be assessed.* Your child will not be released to a person who has not been authorized by you to pick him/her up. All authorized people should be identified and put into the computer system so they can check they child in and out. Photo identification must be shown before the child is released. If possible, please notify your child's teacher if someone other than yourself is going to be picking him/her up that day. Remember that the teachers may not have seen all of the people in your child's life and they will be alert to anyone they do not recognize picking up the child. Please also inform grandparents/friends/other individuals picking up your children that they will be asked to show identification. This is to keep all of our children as safe as possible.

Drop Off and Pick Up

Drop off is done at the East doors of the church. Please do not park in the spots directly in front of the Preschool doors. It presents a parking hazard as people back up and children exit the school from those doors. Please park in the East Parking Area, bring your child into the building, and check them in on the computer. We ask parents to come to the classroom to drop-off and pick-up their child. This will allow parents to have a few moments to talk to teachers about any issues that may have come up during the day, see the projects the children are doing in their rooms, and form a relationship with their child's teachers. It also allows the child to have a happier drop-off.

Any notes or reminders will be put in children's cubbies to take home at the end of the day. *Because of our dual schedule, cubbies will be shared. It is imperative that you clean out your child's cubby every day!*

Child Guidance Policy

At Discovery Place Preschool, we have basic rules for the health and safety of the children. Definite guidelines for behavior are established so that children know what is expected of them. This helps them to feel secure. We tailor our expectations to fit the developmental levels of the children to minimize frustrations and inappropriate behavior.. We arrange the environment and offer a wide variety of age appropriate activities based on the interests of the children. In helping to direct the child toward self-discipline, the following guidance techniques are used:

1. Positive statements are used in giving direction to behavior.
2. Redirection is consistent with the child's needs.
3. The child is given opportunities to make choices and solve problems.
4. Suggestions are given in time to prevent conflicts.
5. Comparisons of children are avoided.
6. Unacceptable behavior is clearly explained and the child is told what is acceptable. Approval of acceptable behavior is clearly expressed.
7. If needed, and only to be used sparingly, a child may be removed from the situation to calm down. This time shall be no longer than one minute per year of age.

Health and Safety

Discovery Place Preschool follows the recommendations taken from American Academy of Pediatrics. For your child's protection and consideration of the teachers and other children, please follow these recommendations. Please be alert to your child's physical condition before bringing him/her to preschool. We require that your child be free from fever and symptoms for at least 24 hours before he/she is brought back to class.

A child should not be brought to class when any of the following exist:

1. Fever
2. Vomiting and/or diarrhea
3. Any symptom of the usual childhood diseases: scarlet fever, German measles (rubella), mumps, chicken pox, and whooping cough
4. Common cold - from onset through one week
5. Sore throat
6. Croup
7. Any skin infection, boils, ringworm, impetigo
8. Any unexplained rash
9. Pink eye and other eye infections

You will be called if your child becomes ill while attending preschool.

Please Note: Preschool Staff are not authorized to administer medications. Please notify the director if your child becomes ill with a contagious disease so parents of the other children can be notified.

The director reserves the right to cancel class due to inclement weather or a significant health event, such as an outbreak of influenza. You will be notified by a phone call, text and/or email if this is necessary.

Please notify the director or your child's teacher of an expected absence as soon as you know the child will not be attending. We realize that you may not know until the morning of preschool that your child is sick, but please call the preschool number or e-mail the director to let us know so that we are aware of which children to expect each day.

If there are any significant changes in your life that may affect your child's behavior (i/e new baby, death in the family, move to a new house, divorce, etc....) or if your child has any physical or emotional concerns, please let your child's teacher know. You may also talk to the director regarding any concerns you may have.

Emergency and Non-Emergency Medical Procedures

In case of minor accident or injury:

Staff will administer first aid to the child. The child's parents will be called, if necessary.

If any treatment is administered, an injury report will be filled out by the teacher and signed by the parent. One copy will be placed in the child's file, and the other will go home with the parent.

In case of serious illness or accident:

The staff will immediately call 911.

Emergency First Aid will be administered by a staff member if necessary. All permanent staff are required to be first aid/CPR certified and re-certified every two years.

The parent will be called by another staff member once 911 is called. If unreachable we may call emergency contacts listed on the child's paperwork. The incident will be documented in writing and placed in the child's file.

Evacuation Plan

In the event of a natural disaster, fire, or other emergency situation requiring a need to evacuate the preschool, the following steps will be followed:

1. Children will be escorted out the nearest doors to the farthest part of the parking lot by teachers.
2. Attendance will be taken by the teacher(s) with the group of children.
3. Teachers will bring attendance ledgers, emergency contact numbers, and cell phones in order to contact parents and emergency personnel as necessary.

If deemed necessary, a shelter-in-place protocol will go into effect until the situation is declared safe. Staff will practice emergency plans on a regular basis to ensure preparedness in the event of an actual emergency.

Lunch, Snacks and Birthday celebrations

- ✓ Children in **the morning session** should bring a lunch - make it something they enjoy eating! Lunch time is a great social time for these little ones and what they are eating can be a great source of something to talk about. Please label your child's lunch bag with their first and last name so there will be no confusion.
- ✓ **Please, no peanuts, peanut butter or tree nuts as we have several students with severe peanut allergies!** This also includes products that have warning labels such as "may contain traces of nuts." Nut allergies can vary in type and severity, so we are endeavoring to be as safe as possible.
- ✓ Children in **the afternoon session** will receive a snack. If your child has allergies, please bring this to his/her teacher's attention.
- ✓ Children may wish to share the excitement of their birthday by bringing a special treat for the class to enjoy. Please notify their teacher in advance. Parents and siblings are welcome to be a part of these celebrations.

Items Your Child Needs to Bring to Discovery Place Preschool

Bring these items to preschool each day:

- * Lunch **each** day (*for those in morning session*)
- * Backpack- we will occasionally send notes home, as well as lesson plans and art projects, so having a backpack is important.
- * Change of clothes (and socks) for ALL ages
- * Diapers/Wipes/Pull-ups/extra underwear
- * Wear shoes and clothes appropriate for play (we ride tricycles and have wood chips and sand in our play area, and we paint and do messy activities)
- * During winter months bring boots, hat, gloves, snow pants and coat - we play outside as many days as possible.

* Throughout the year you may be asked to bring items from home for special event days or craft activities (like milk cartons, paper towel tubes, plastic eggs, valentines, etc.)

* Please leave personal toys at home. This will eliminate lost toys or disputes among the other children. We will have show-and-tell days regularly in order for your child to bring in something special to share with the class.

Be sure to label everything with your child's first and last name on it! Each child will have a cubby to put their coats, lunches and backpacks in. We will also put any items to be taken home in there. The classrooms are used by others throughout the week and they need to use the cubbies as well, so please check your child's cubby every day and take home what is theirs.

Policy on "Moving Up"

As a general rule, we move the children to the next age group/classroom at the beginning of the new school year each September. There are many important cognitive, social, and emotional milestones that take place during the early childhood years, and we strive to keep children in a setting that is most appropriate to their individual development. Because we have small classes, each child receives a great deal of individual attention, so you can rest assured that the teachers are making sure that their needs are being met. It is our highest priority at Discovery Place Preschool to encourage growth and development for each child to make sure he or she reaches his or her highest potential.
